

ROLLY 7½ E 33

PATENTED

COMPACT WALK BEHIND SCRUBBER DRYERS ROLLY SERIES

The new ultra-compact scrubber dryer Rolly 7 ½ is the right answer to the professional cleaning demand. Comfort in narrow spaces, where no one arrives: - 7,5 liters of tank capacity, its dimensions, combined with a special handle (patented) and swivel wheels allow Rolly to go and work in small areas. Top cleaning and drying results: - the cylindrical brush deck, with three different down pressure adjustable by knob, against every kind of dirt; - an unbelievable alternate twin squeegee system (patented), for top drying results and optimized consumptions at the same time; - low noise level (only 54 dbA), perfect for day cleaning and in all the environments (hospitals, resthomes, schools...) where silence is a must. A start & go machine No training required, everybody can use Rolly: - all the main functions can be managed by the intuitive control panel; - coloured levers and knobs clearly help the user preparing the machine for work or while using it; - effortless maintenance. Rolly ½ E 33 is the electric version with a standard power supply kit case and a 15 meters cable.

Ergonomic handle with unlocking system

Adjustable down pressure by knob (3 steps)

Power supply kit case

Alternate twin squeegee system (patented)

Compact dimensions to go and work where no one arrives

Fast and easy maintenance

Easy to transport, park, store

RAPID 15 E 38

COMPACT WALK BEHIND SCRUBBER DRYERS RAPID 15 SERIES

The small walk behind scrubber dryer Rapid 15, has been further improved in its structural features and functionalities. A complete set of combined and synergical solutions makes Rapid 15 the most suitable solution for any cleaning task in small-medium areas. Rapid 15 distinctive feature is flexibility. The front knob allows the user to adjust the brush incidence to the floor, so ensuring a perfect adherence to any working surface with excellent cleaning results. The squeegee system perfectly covers the water track in any condition, for excellent drying results. And the new pedal lifting system makes it today even more comfortable for the user and reliable. Innovative features that, together with the compact dimensions, make Rapid 15 the perfect solution for every environment and surface, above all in narrow spaces. Rapid 15 E is the electric version, with a standard 15 meters cable.

RAPID 15 M 38 BC/HYBRID

COMPACT WALK BEHIND SCRUBBER DRYERS RAPID 15 SERIES

Rapid 15 represents an important point of reference in the segment of compact scrubber dryers. Its modern design is able to guarantee personality, ergonomics and, most of all, compact dimensions to clean where other scrubber dryers cannot arrive or have difficulty. A functional aesthetics encompasses a top-notch technical solutions system: - Hybrid: the innovative system (only available in the Hybrid RAPID 15 version) which combines power supply with battery power in order to guarantee the perfect mix between performance, working time and prolonged cleaning sessions; - The front knob over the brush head allows to adjust its angle of incidence, enabling RAPID 15 to perfectly adhere to the working surface in any situation and with any kind of accessories to give excellent results; - The practical external wheel allows to adjust the height of the head, avoiding overloads of the engine on "difficult" surfaces. In this way RAPID 15 is able to work everywhere without any problems. - The suction motor guarantees an excellent drying performance and today it is even more reliable thanks to a new protection filter; - The squeegee, which is able to turn up to 270°, is today even more practical thanks to its innovative pedal lift system, which allows to safely and practically lift it in any situation Maximum functionality and performance which, together with its reduced dimensions and its long working time (unlimited in the hybrid version) make RAPID 15 the optimal solution for any kind of environment and surfaces, even the narrowest and least accessible ones.

RAPID 40 SM 55

WALK BEHIND SCRUBBER DRYERS RAPID 40 - MANUAL

Rapid 40 SM 55 TOUCH is the scrubber dryer which has been specifically conceived for daily use. The innovative and functional design guarantees the right ergonomics and comfort in the daily activities. Cutting edge features and technical equipment make RAPID 40 SM an important point of reference in its sector, allowing the machine to be the ideal solution for effective cleaning results in every kind of floor and environment. The SM version introduces itself with top-notch innovations.

- **Simply Manual:** a solutions system which is able to combine the best scrubbing and drying performance with an extreme ease of use: the result is a perfect mix between practicality and cost-effectiveness which guarantees the best operational performance.
- **TOUCH SYSTEM:** the patented touch system which allows the operator to benefit from maximum flexibility and control while using the machine. Simplicity, immediacy and reliability: moving RAPID 40 with a finger has never been so practical and intuitive! RAPID 40 SM 55 TOUCH is available in two versions: a basic one and a full-package one which includes batteries and a battery charger.
